

Course Outline

Hospitality, Tourism and Recreation

REVISED: August/2017

Job Title:

Food Service Manager

Career Pathway:

Food Service and Hospitality

Industry Sector:

Hospitality, Tourism and Recreation

O*NET-SOC CODE:

35-2012.00

CBEDS Title:

Food and Beverage Production and Preparation

CBEDS No.:

4421

77-15-90

Culinary Arts: ServSafe® Management

Credits: 0

Hours: 20

Course Description:

This competency-based course provides students with project-based learning experiences in restaurant food management. Technical instruction includes an orientation and general workplace safety policies and procedures. Emphasis is placed on the following ServSafe® Management topics: providing safe food; the microworld; contamination and food allergens; the safe food handler; the flow of food: introduction; the flow of food: purchasing, receiving and storage; the flow of food: preparation; the flow of food: service; food safety management systems; sanitary facilities and equipment; cleaning and sanitizing; integrated pest management; food safety regulations and standards; and employee food safety training. The competencies in this course outline are aligned with the California High School Academic Content Standards and the California Career Technical Education Model Curriculum Standards.

Prerequisites:

Enrollment requires successful completion of another course from the Culinary Arts sequence. Prior to class, participants must purchase and read ServSafe® textbook.

NOTE: For Perkins purposes this course has been designated as a **capstone** course.

This course **cannot** be repeated once a student receives a Certificate of Completion.

COURSE OUTLINE COMPETENCY-BASED COMPONENTS

A course outline reflects the essential intent and content of the course described. Acceptable course outlines have six components. (Education Code Section 52506). Course outlines for all apportionment classes, including those in jails, state hospitals, and convalescent hospitals, contain the six required elements:

(EC 52504; 5CCR 10508 [b]; Adult Education Handbook for California [1977], Section 100)

COURSE OUTLINE COMPONENTS

LOCATION

GOALS AND PURPOSES

Cover

The educational goals or purposes of every course are clearly stated and the class periods are devoted to instruction. The course should be broad enough in scope and should have sufficient educational worth to justify the expenditure of public funds.

The goals and purpose of a course are stated in the COURSE DESCRIPTION. Course descriptions state the major emphasis and content of a course, and are written to be understandable by a prospective student.

PERFORMANCE OBJECTIVES OR COMPETENCIES

pp. 7-16

Objectives should be delineated and described in terms of measurable results for the student and include the possible ways in which the objectives contribute to the student's acquisition of skills and competencies.

Performance Objectives are sequentially listed in the COMPETENCY-BASED COMPONENTS section of the course outline. Competency Areas are units of instruction based on related competencies. Competency Statements are competency area goals that together define the framework and purpose of a course. Competencies fall on a continuum between goals and performance objectives and denote the outcome of instruction.

Competency-based instruction tells a student before instruction what skills or knowledge they will demonstrate after instruction. Competency-based education provides instruction which enables each student to attain individual goals as measured against pre-stated standards.

Competency-based instruction provides immediate and continual repetition and In competency-based education the curriculum, instruction, and assessment share common characteristics based on clearly stated competencies. Curriculum, instruction and assessment in competency-based education are: explicit, known, agreed upon, integrated, performance oriented, and adaptive.

COURSE OUTLINE COMPETENCY-BASED COMPONENTS
(continued)

COURSE OUTLINE COMPONENTS

Location

INSTRUCTIONAL STRATEGIES

p. 18

Instructional techniques or methods could include laboratory techniques, lecture method, small-group discussion, grouping plans, and other strategies used in the classroom.

Instructional strategies for this course are listed in the TEACHING STRATEGIES AND EVALUATION section of the course outline. Instructional strategies and activities for a course should be selected so that the overall teaching approach takes into account the instructional standards of a particular program, i.e., English as a Second Language, Programs for Adults with Disabilities.

UNITS OF STUDY, WITH APPROXIMATE HOURS ALLOTTED FOR EACH UNIT

Cover

The approximate time devoted to each instructional unit within the course, as well as the total hours for the course, is indicated. The time in class is consistent with the needs of the student, and the length of the class should be that it ensures the student will learn at an optimum level.

pp. 7-16

Units of study, with approximate hours allotted for each unit are listed in the COMPETENCY AREA STATEMENT(S) of the course outline. The total hours of the course, including work-based learning hours (community classroom and cooperative vocational education) is listed on the cover of every CBE course outline. Each Competency Area listed within a CBE outline is assigned hours of instruction per unit.

EVALUATION PROCEDURES

pp. 18-19

The evaluation describes measurable evaluation criteria clearly within the reach of the student. The evaluation indicates anticipated improvement in performances as well as anticipated skills and competencies to be achieved.

Evaluation procedures are detailed in the TEACHING STRATEGIES AND EVALUATION section of the course outline. Instructors monitor students' progress on a continuing basis, assessing students on attainment of objectives identified in the course outline through a variety of formal and informal tests (applied performance procedures, observations, and simulations), paper and pencil exams, and standardized tests.

REPETITION POLICY THAT PREVENTS PERPETUATION OF STUDENT ENROLLMENT

Cover

After a student has completed all the objectives of the course, he or she should not be allowed to reenroll in the course. There is, therefore, a need for a statement about the conditions for possible repetition of a course to prevent perpetuation of students in a particular program for an indefinite period of time.

ACKNOWLEDGMENTS

Thanks to MARJORIE SCHEINDER and ALEJANDRA SALCEDO for developing and editing this curriculum. Acknowledgment is also given to ERICA ROSARIO for designing the original artwork for the course covers.

CALIFORNIA CAREER TECHNICAL EDUCATION MODEL CURRICULUM STANDARDS
Hospitality, Tourism, and Recreation Industry Sector
Knowledge and Performance Anchor Standards

1.0 Academics

Analyze and apply appropriate academic standards required for successful industry sector pathway completion leading to postsecondary education and employment. Refer to the Hospitality, Tourism, and Recreation academic alignment matrix for identification of standards.

2.0 Communications

Acquire and accurately use Hospitality, Tourism, and Recreation sector terminology and protocols at the career and college readiness level for communicating effectively in oral, written, and multimedia formats.

3.0 Career Planning and Management

Integrate multiple sources of career information from diverse formats to make informed career decisions, solve problems, and manage personal career plans.

4.0 Technology

Use existing and emerging technology, to investigate, research, and produce products and services, including new information, as required in the Hospitality, Tourism, and Recreation sector workplace environment.

5.0 Problem Solving and Critical Thinking

Conduct short, as well as more sustained, research to create alternative solutions to answer a question or solve a problem unique to the Hospitality, Tourism, and Recreation, using critical and creative thinking; logical reasoning, analysis, inquiry, and problem-solving techniques.

6.0 Health and Safety

Demonstrate health and safety procedures, regulations, and personal health practices and determine the meaning of symbols, key terms, and domain-specific words and phrases as related to the Hospitality, Tourism, and Recreation sector workplace environment.

7.0 Responsibility and Flexibility

Initiate, and participate in, a range of collaborations demonstrating behaviors that reflect personal and professional responsibility, flexibility, and respect in the Hospitality, Tourism, and Recreation sector workplace environment and community settings.

8.0 Ethics and Legal Responsibilities

Practice professional, ethical, and legal behavior, responding thoughtfully to diverse perspectives and resolving contradictions when possible, consistent with applicable laws, regulations, and organizational norms.

9.0 Leadership and Teamwork

Work with peers to promote divergent and creative perspectives, effective leadership, group dynamics, team and individual decision making, benefits of workforce diversity, and conflict resolution as practiced in the career technical student organization (FHA-HERO, the California Affiliate of FCCLA).

10.0 Technical Knowledge and Skills

Apply essential technical knowledge and skills common to all pathways in the Hospitality, Tourism, and Recreation sector, following procedures when carrying out experiments or performing technical tasks.

11.0 Demonstration and Application

Demonstrate and apply the knowledge and skills contained in the Hospitality, Tourism, and Recreation anchor standards, pathway standards, and performance indicators in classroom, laboratory and workplace settings, and through the career technical student organization (FHA-HERO, the California Affiliate of FCCLA).

Hospitality, Tourism, and Recreation Pathway Standards

B. Food Service and Hospitality Pathway

The Food Service and Hospitality pathway focuses on the key aspects of the industry. Students pursuing this career pathway have in-depth, hands-on experiences that emphasize industry awareness; sanitation and safe food handling; food and beverage production; nutrition; food service management; and customer service.

Sample occupations associated with this pathway:

- ◆ Food Expeditor
- ◆ Restaurant Manager
- ◆ Banquet and Catering Director
- ◆ Research Chef
- ◆ Executive Chef

- B1.0 Demonstrate an understanding of major aspects of the food service and hospitality industry and the role of the industry in local, state, national, and global economies.
- B2.0 Demonstrate the basics of safe work habits, security, and emergency procedures required in food service and hospitality establishments.
- B3.0 Interpret the basic principles of sanitation and safe food handling.
- B4.0 Analyze the basics of food service and hospitality management.
- B5.0 Demonstrate an understanding of the basics of systems operations and the importance of maintaining facilities, equipment, tools, and supplies.
- B6.0 Illustrate and apply the basics of food preparation and safety and sanitation in professional and institutional kitchens.
- B7.0 Illustrate and apply the basics of baking, pastry, and dessert preparation and safety and sanitation in professional and institutional kitchens.
- B8.0 Apply the knowledge and skills essential for effective customer service.
- B9.0 Apply the basic procedures and skills needed for food and beverage service.
- B10.0 Demonstrate and apply basic nutritional concepts in meal planning and food preparation.
- B11.0 Demonstrate an understanding of the basic processes of costing and cost analysis in food and beverage production and service.
- B12.0 Describe the fundamentals of successful sales and marketing methods.

COMPETENCY-BASED COMPONENTS
for the Culinary Arts: ServSafe® Management Course

COMPETENCY AREAS AND STATEMENTS	MINIMAL COMPETENCIES	STANDARDS
<p>A. ORIENTATION AND SAFETY</p> <p>Understand, apply, and evaluate the principles and procedures needed to insure food safety.</p> <p>(1 hour)</p>	<ol style="list-style-type: none"> 1. Describe the scope and purpose of the course. 2. Describe the overall course content as a part of the Linked Learning Initiative. 3. Identify classroom policies and procedures. 4. Describe classroom and workplace first aid and emergency procedures according to American Red Cross (ARC) standards. 5. List the different occupations in the Hospitality, Tourism, and Recreation Industry Sector which have an impact on the role of the culinary arts. 6. Describe the opportunities available for promoting gender equity and the representation of non-traditional populations in the culinary arts. 7. Discuss and evaluate the impact of Environmental Protection Agency (EPA) legislation on the Hospitality, Tourism, and Recreation Industry Sector practices. 8. Discuss and demonstrate the use of the Material Safety Data Sheet (MSDS) as it applies to culinary arts. 9. Explain the purpose of the California Occupational Safety and Health Administration (Cal/OSHA) and its laws governing the culinary arts. 10. Explain how each of the following insures a safe workplace: <ol style="list-style-type: none"> a. employees' rights as they apply to job safety b. employers' obligations as they apply to safety c. safety laws applying to tools and equipment 11. Pass the safety test with 100% accuracy. 	<p>Career Ready Practice: 2, 5, 7</p> <p>CTE Anchor: Communications: 2.5 Career Planning and Management: 3.4 Problem Solving and Critical Thinking: 5.4 Health and Safety: 6.1, 6.7 Responsibility and Flexibility: 7.2 Technical Knowledge and Skills: 10.1</p> <p>CTE Pathway: B2.1, B2.2, B2.3, B2.4, B3.3, B3.4</p>

COMPETENCY CHECKLIST

TEACHING STRATEGIES and EVALUATION

METHODS AND PROCEDURES

- A. Classroom instruction and application lecture
- B. Lecture
- C. Demonstrations/Observations
- D. Independent Reading
- E. Group Discussion
- F. Videos
- G. Group Activities

EVALUATION

SECTION A – Orientation and Safety – Pass a safety test with a score of 100%.

SECTION B – Providing Safe Food – Pass all assignments and exams on providing safe food with a minimum score of 80% or higher.

SECTION C – The Microworld – Pass all assignments and exams on the microworld with a minimum score of 80% or higher.

SECTION D – Contamination and Food Allergens – Pass all assignments and exams on contamination and food allergens with a minimum score of 80% or higher.

SECTION E – The Safe Food Handler – Pass all assignments and exams on the safe food handler with a minimum score of 80% or higher.

SECTION F – The Flow of Food: An Introduction – Pass all assignments and exams on the flow of food: an introduction with a minimum score of 80% or higher.

SECTION G – The Flow of Food: Purchasing, Receiving, and Storage – Pass all assignments and exams on the flow of food: purchasing, receiving and storage with a minimum score of 80% or higher.

SECTION H – The Flow of Food: Preparation – Pass all assignments and exams on the flow of food: preparation with a minimum score of 80% or higher.

SECTION I – The Flow of Food: Service – Pass all assignments and exams on the flow of food service with a minimum score of 80% or higher.

SECTION J – Food Safety Management Systems – Pass all assignments and exams on food management safety systems with a minimum score of 80% or higher.

SECTION K – Sanitary Facilities and Equipment – Pass all assignments and exams on sanitary facilities and equipment with a minimum score of 80% or higher.

SECTION L – Cleaning and Sanitizing – Pass all assignments and exams on cleaning and sanitizing with a minimum score of 80% or higher.

SECTION M – Integrated Pest Management – Pass all assignments and exams on integrated pest management with a minimum score of 80% or higher.

SECTION N – Food Safety Regulation and Standards – Pass all assignments and exams on food safety regulation and standards with a minimum score of 80% or higher.

SECTION O – Employee Food Safety Training – Pass all assignments and exams on employee food safety training with a minimum score of 80% or higher.

Statement for Civil Rights

All educational and vocational opportunities are offered without regard to race, color, national origin, gender, or physical disability.
